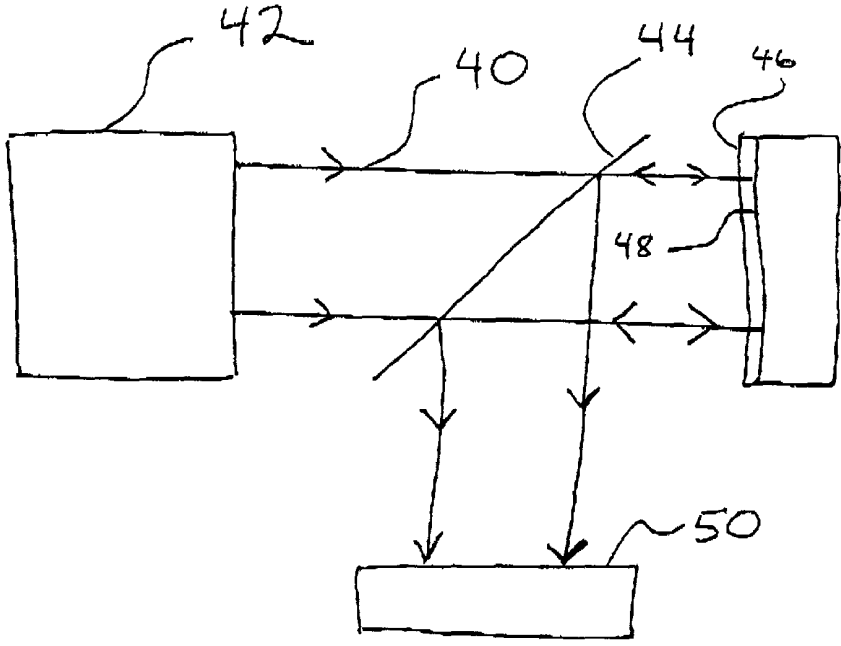

FIG. 4

FIG. 4 is a schematic diagram of an optical system. The system includes a light source 42, a beam splitter 40, a detector 46, and a target 50. The light source 42 emits light that is split by the beam splitter 40. One portion of the light is directed towards the detector 46, and the other portion is directed towards the target 50. The detector 46 is positioned to receive light reflected from the target 50.
